October 2021

Celebrating Dyslexia Awareness

October is Dyslexia Awareness Month

Featured Article: Understanding Dyslexia

Know the signs, and how to help kids with the most common learning disability

The most common learning disorder is called dyslexia. Dyslexia makes it hard to recognize and use the sounds in language. Kids might reverse letters, like reading pot as top. Or they might have trouble sounding out new words and recognizing ones they know. Having dyslexia does not mean your child isn't smart. With the right support, dyslexic kids can learn to read and do very well in school. Read the article [HERE](#).

Help raise Dyslexia Awareness this month! The below resources offer tips and suggestions for educating and advocating for Dyslexia Awareness.

Help Us in Thanking DECLAN & paws4people

We are enjoying our second school year with Declan, our paws4people® Facility Dog. To show the paws4people organization our gratitude and support, we are asking if our Hill School families and students will help us in a Puppy Development Center supply drive. For more information and to donate, click [HERE](#).

October is also ADHD Awareness Month
