## The ADDitude Guide to ADHD Awareness

During ADHD Awareness Month, ADDitude explored Complex ADHD — the fact that attention deficit almost never occurs alone. Learn about the comorbid conditions most commonly diagnosed alongside ADHD: anxiety, depression, ODD, OCD, learning differences, eating disorders, tics, and others [HERE](#).

Be sure to click a graphic to learn more about each comorbidity.

# Hill School Highlights

## Hill School Announces the Appointment of Two New Board Members

In October, The Hill School of Wilmington announced the appointment of two members to their board of directors, Dr. Cathy Barlow and Dr. Bruce Arné. This brings the total number of board members to 12.

Read more about them [HERE](#).

October is Dyslexia Awareness Month and The Hill School of Wilmington students and staff celebrated by participating in several events throughout the month.

How did The Hill School celebrate Dyslexia Awareness Month? Click [HERE](#) to find out.

The Hill School has opened a satellite location in southern New Hanover County to meet an increase in interest in its unique academic remediation program for students with specific learning differences. To learn more about the new location, Hill South, and see photos from our first day, click [HERE](#).
